ORCID's vision is a world where all who participate in research, scholarship, and innovation are uniquely identified and connected to their contributions and affiliations across time, disciplines, and borders.

Together, we can make our vision a reality!

WHAT IS ORCID?

- ORCID is an open, not-for-profit organization run by and for the research community
- We provide researchers with a unique identifier, an ORCID iD, that reliably and clearly connects them with their research contributions and affiliations
- Hundreds of systems have now integrated ORCID iDs – from grant application and manuscript submission to CRIS to repositories, and more!

ORCID USER FACILITIES AND PUBLICATIONS WORKING GROUP

Bring together publishers and facilities to:

- Better understand research, publication, and reporting workflows
- Define terms to enable conversation
- Identify opportunities for working together to streamline and, where possible, automate impact reporting

ORCID USER FACILITIES AND PUBLICATIONS WORKING GROUP

Recommendations for publishers include:

- Enable ongoing collection of validated ORCID iDs from all authors
- Implement ongoing collection of information about relevant user facilities leveraging information from author ORCID records and other sources
- Work to amend the JATS standard and other DTDs to standardize the capture and tagging of user facility use information
- Implement processes that enable inclusion of ORCID iD and user facilities metadata in the article and Crossref submission
- Enable citation of relevant datasets during the manuscript publication process
