GENERAL ENHANCEMENTS

Re-Invite Editors

Currently in Editorial Manager, Editors may be either assigned to a submission, or invited to handle an assignment. When invited, Editors occasionally decline the invitations only to later change their minds. New in EM v8.2, Editors who have declined an invitation may now be re-invited to handle the same version of a submission. This new functionality is available for the 'Classic' method of inviting Editors (whether the publication has 'Search Editor' functionality enabled for the site or not) and when using the 'Switch to New Editor' feature to assign directly to an Editor who has previously declined an invitation.

When an Editor clicks the Assign Editor link for a submission, the *Assign Editor* pop-up page is displayed, listing all Editors with permission to receive assignments. Messages may display in red text in cases where the Editor might also be an Author of the submission, where the Editor is already assigned to a submission, or where the Editor has previously declined in invitation to handle the submission. New in 8.2, Editors who have previously declined are available to be invited again. The message displays alerting the user that this Editor has previous declined, but the 'Select' column now displays a radio button for the user to select this Editor.

Assign Editor page; previously invited Editor may now be invited:

Title: I am writing a novel.

The following have been identified as candidates to edit this submission. Select the one you want and send them either the default editor assignment letter or a customized letter.

One or more notification letters may be configured to be sent when an editor is assigned or invited. Choosing 'Send Custom Letters' allows you to choose which letters are sent and customize those letters as appropriate. Choosing 'Send Default Letters' will send the default letters as configured, bypassing the selection and customization process.

Select	Editor Role	Editor Name	Current Assignments	# Classification Matches	Classification Matches	Available during next 30 days
<input type="radio"/>	Associate Editor	Anthony Author, MD	1	0		Yes
<input type="radio"/>	Associate Editor	Annie the Dog, PhD	3	0		Yes
<input type="radio"/>	Associate Editor (This editor has previously declined the assignment.)	Emily Editor, MD	13	0		Yes
<input type="radio"/>	Editor-in-Chief	Edward Editor, MD	12	0		Yes
<input type="radio"/>	Editor-in-Chief	Lyndon Holmes	0	0		Yes
<input type="radio"/>	Editor-in-Chief	Smartbot Smartbot	0	0		Yes
<input type="radio"/>	Staff Editor	Jungle Book, oh	0	0		Yes

When the Editor is selected, they are invited as normal. NOTE: If the Editor subsequently declines again, the number of time the Editor is invited and declines is not captured anywhere; each time the Editor is invited it overwrites any previous invitation information.

No configuration required. All publications have the option to re-invite Editors upon upgrade.

Suggest Editor Enhancement - Re-Invite Editors

Currently in Editorial Manager, Publications may use a 'Suggest Editor' method of inviting Editors. Editors are added to a queue and invited in a staggered order until such time as an Editor accepts an invitation. Editors occasionally decline the initial invitations only to later change their minds. New in EM v8.2, Editors who have declined an invitation may now be re-invited to handle the same version of a submission.

When an Editor with 'Assign Editor Using Suggested Editor Queue' permission enabled clicks the Assign Editor link, the *Editor Selection Summary* pop-up opens. Invited Editors are displayed in the upper portion of the page with their current Invitation Status. For Editors with an Invitation Status of 'Declined', a new 'Options' column displays with a Re-invite link for any Editor that has declined.
